

WATER COMPANY IS CONSIDERING COST OF FILTER

Maysville Water Company Has Expert Look Over the Ground To Get An Idea of the Cost of a Filtration Plant.

The endeavors of the special water committee of city council named by Mayor J. H. Samuel upon his assuming the mayor's chair, may meet with more success than most people had expected or hoped. It is learned through recent movements on the part of the officials of the Maysville Water Company.

Following a conference in Maysville several weeks ago between several officials of the water company and the members of the special committee, the company's officials have been very busy getting in touch with the manufacturers of filtration plants of various kinds and a few days ago an expert came to Maysville from Louisville and spent a couple of days looking over the situation.

It is learned upon official information that there is a very great probability that a filtration plant will be installed in Maysville before long. It is learned that the expert recommended the building of the filtration plant on the hill back of Maysville near the present reservoirs. He recommended the continuation of the present reservoirs as sedimentation basins and would build the filtration plant some lower on the hill reducing the pressure in the city quite a bit and yet having plenty of pressure for all practical purposes. This would not only be much better for the water consumers but would greatly reduce the cost of operation of the water company for the present high pressure is very expensive to them.

Just how the matter will be finally worked out cannot be said at this time but it should give encouragement to all users of city water to know that there is at least a move being made to give Maysville a first class filtration plant.

HORSE RACE IS THE CONTEST IN COUNTY CLERK CASE NOW ON

"Buddy" January and "Jim" Owens Coming Down the Stretch Nose and Nose—Interest is Keen in Outcome.

Messrs. A. M. January and J. J. Owens have changed places in the race for County Clerk, reopened by contest, several times Thursday as the ballots in the contested precincts are counted open court by Judge Wm. C. Halbert.

Wednesday evening Mr. January gained two votes in the Second ward and later four votes in the Third ward but Mr. Owens picked up six in the Fourth ward. Thursday Mr. Owens picked up one in the Sixth ward A and 2 in Washington A. He also picked up one in the Fifth ward. Mr. January gained one in the Fifth ward A and two in the Sixth ward, making a total of 10 for Mr. Owens and 9 for Mr. January.

Late Thursday afternoon Judge Halbert was examining the election officers in precinct Four A upon the renewal of Mr. Owens' attorneys to open and count the vote in this precinct.

REDRYING PLANT BREAKS DOWN IN NIGHT.

At about 1 o'clock Thursday morning the Helzer-Tuck Tobacco redrying plant's machinery broke and the entire plant was compelled to close down for repairs. It is thought that it will take but a short time to make the needed repairs. Many men are given employment at this plant which is now running both day and night to rehandle the pooled tobacco.

MOTHER'S DAY AT PASTIME.

Thursday is Mother's Day at the Pastime theater and all mothers in this section should not fail to see the great mother picture, "Over the Hill" being shown there this week. No picture shown in Maysville in recent months has created the comment that this great feature has created among all who love their mother and that takes in most of us.

REPORT GIVES WAGES OF WOMEN IN STATE

U. S. Bureau Shows They Earn Less Than In Other States.

Kentucky women earn less on an average than those of any other state investigated by the Women's Bureau of the United States Department of Labor according to statistics received yesterday. In one week in November, the average was \$11.05 with 63 per cent. of the women working forty-eight hours or more. The range is from \$6 to \$15 a week for those working forty-eight or more hours a week.

The telephone workers showed the highest average, \$14.30. Girls in 10-cent stores averaged, according to the report, \$8.75, and in wooden box factories, \$7.50. Negro women averaged \$8.30 in all occupations.

As a tribute to the consideration of Kentucky men and women, the report pointed out that although the state has no ten-hour a day, or sixty-hour a week law, the actual practice brings the average length of working hours shorter than it is in most other states.

FIRE DESTROYED HOME.

Tuesday afternoon what is known as the old Abe Sallee home, near the home of Shirli Sallee, on the Dover pike, was destroyed by fire. Charles Henize, who had been living in the house, moved out the day the fire occurred. R. L. Sallee was in the house but a short time before the fire was discovered, but did not see any signs of fire. However, it is thought that the blaze from a defective fire was the cause. This house had seven or eight rooms and was built probably 75 years ago.

Miss Dorothy Filson Stewart, of Flemingsburg, was the weekend guest of Mrs. Martha Davidson Wemack at Millersburg college the past week.

HEALTH BOARD OFFICIAL COMMENTS MASON TEACHERS

In Letter to Principal of 100 Per Cent. Vaccinated School, Dr. McCormack Praises Co-operation of the School.

The following is a copy of a letter recently mailed by Dr. A. T. McCormack, State Health Officer, to Prof. Clarence Martin, principal of the Moransburg Consolidated School:

"It has just been brought to my attention that the children of Moransburg Consolidated School, have, with full accord, co-operated with our health department in Mason county to the extent that 100% have been vaccinated, and I am so delighted to learn this that I want to especially commend you and your teachers, Miss Kelsch and Mrs. Wiggins, for the splendid part you have all played in putting this campaign over."

"We have been particularly impressed with the splendid work of your county health department, and through Dr. Gultard, the health officer, have learned of the wonderful co-operation of the teachers of Mason county, and seeing the result such as this splendid example illustrates, I feel that the health work in Mason county, through the schools, has been of the character that furnished a worth-while administration. I shall hope that there will be reflected from your school throughout the community the influence for the good of the health of the people that will stand for a long time to come, and that you and your teachers will continue to be appreciated for all that you are giving to them."

SCORES VISIT NEW BANK BUILDING AT BIG OPENING TODAY

Beautiful New Home of Farmers & Traders Bank Is Thrown Open to the Public—Business Begins There Tomorrow.

The beautiful new home of the Farmers & Traders bank was thrown open to the public Thursday afternoon and throughout the reception scores of persons visited the new building as the guests of the officials of the institution.

Everyone visiting the building took time, after looking it over carefully, to compliment the officials of this young and rapidly growing institution upon the progress reflected in the attractive new home.

Everyone visiting the opening was given a souvenir of the occasion and made very much at home. Throughout the afternoon the Maysville Horse Band played concerts and Thursday evening the Kentucky Cardinals will make the music. The entire public is invited to attend the opening Thursday evening. Those who attended in the afternoon are cordially invited to come back again.

The bank continued to transact its business in its old home Thursday but business will be started in the new home Friday morning.
